

NSNZ RESOURCES GUIDE

As part of the benefits of being a member of Neighbourhood Support New Zealand, all members are provided with full access to use of our branding and trademarks including our logo and resources. Resources themselves include paid and printed items such as our street signs and stickers, but also an ever-evolving range of free resources such as templates and digital marketing materials.

We also offer free support to members who are getting a resource designed and printed locally. Depending on the circumstances, we may be able to provide either graphic design assistance or at the very least some guidance or suggestions that are in-line with our brand guidelines.

Should you have an idea for a resource you think members would benefit from, feel free to send your suggestion to kirsty@neighbourhoodsupport.co.nz.
